

CONFLICT OF INTEREST DECLARATION

This publication requires that all authors disclose any affiliations with or involvement in any organization or entity with any financial interest (such as honoraria; educational grants; participation in speakers' bureaus; membership, employment, consultancies, stock ownership, or other equity interest; and expert testimony or patent-licensing arrangements), or non-financial interest (such as personal or professional relationships, affiliations, knowledge or beliefs) in the subject matter or materials discussed in this manuscript. The existence of a conflict of interest does not preclude publication in this journal.

Do you or any of your co-authors have a conflict of interest to declare?

If 'yes', please be reminded to state this conflict of interest in the footnotes, Conflict of Interest or Acknowledgements section of your manuscript.
