### User Rights

Under the Creative Commons Attribution-NonCommercial-NoDerivs license, the author(s) and users are free to share (copy, distribute and transmit the contribution) under the following conditions:

1. they must attribute the contribution in the manner specified by the author or licensor,
2. they may not use this contribution for commercial purposes,
3. they may not alter, transform, or build upon this work.

As the corresponding author I confirm that:

- I have informed the co-authors of the terms of the agreement and have their permission in writing to enter it on their behalf.
- I and each co-author have the full authority to enter into the agreement.
- Neither I nor any co-author has granted exclusive rights to, or transferred their copyright in, any version of the Contribution to any third party.
- The contribution is my and all co-author's original work.
- All individuals who contributed are listed and all authors listed have contributed to the article.
- The contribution is submitted only to the specified journal and has not been published before and is not being considered by another journal for publication.
- I have obtained written permission from the copyright owners to reproduce any material owned by third parties, and that I have included appropriate acknowledgement within the text of the submitted contribution.
- The submitted manuscript contains no libelous or unlawful statements, does not infringe upon the rights or the privacy of others, and does not contain any material or instructions that might cause harm or injury.
- There are no conflicts of interest relating to the article or if there are conflicts, they have been disclosed.
- Neither I nor any of the co-authors appears on a sanctions list or is in violation of any government and/or international sanctions.
- I and the co-authors declare that the data supporting the findings of this study are available within the paper and, where applicable, its Supplementary Information files. If raw data files are needed in another format or are not provided as supplementary information files they are available from the corresponding author upon reasonable request.
- I and the co-authors agree for ASPIRE to promote aspects of this manuscript on X and social media at the discretion of ASPIRE.

The Author represents that he/she/other is the author and proprietor of this Article, that he/she/other has full power to make this Agreement on behalf of all authors of the manuscript, and that this Article has not heretofore been published in book form or submitted elsewhere.

The Author shall obtain written permission and pay all fees for use of any literary or illustration material for which rights are held by others. The Author agrees to hold the Publisher harmless against any suit, demand, claim or recovery, finally sustained, by reason of any violation of proprietary right or copyright, or any unlawful matter contained in this Article.
